"Turning Australian Players into Tomorrow's Stars"

Important Selection Information

Students who enter the WFA are either selected from WSS sessions, WFG scouts at games or specifically by the head area coaching director. WFA may require trials for your position. Once your registration has been confirmed you will be issued with acceptance or a trial date, these trials will either take place in the form of an individual or group trial, alternatively your son / daughter may be observed in a game situation. For prospective professional places contact with parents may also be necessary. No fees are paid until parents have decided to take up the position offered by WFA.

To all parents and children,

Welcome to World Soccer Schools Elite Training Program World Football Academy. We have had some great success with a number of boys now playing overseas & on track to becoming Professional Footballers in Europe. For those children who commit to WFA and attend every session and to the parents who bring the children week in week out I say thank you. WFA is an Australian Football Program developed from some of the best European & South American Countries. Parents & Players must be committed to improvement to ensure the greatest results. Our Coaching Syllabus is set out to improve the Technical ability of each student that joins our Program with all WFG Coaches having Ability to facilitate & communicate the technical skills needed to become a better all round footballer.

We can assure you that we are always looking to improve our coaching systems here in Australia Says Australian Technical Director Nick Dimovski. "With the time I spend in England working with Players and academies for over 4 month of each year I can see where we need to ensure players here in our programs need to develop to be of international standard. This International Coaching Syllabus is designed to help young players become Footballers capable of competing at the highest level desired both here and overseas(if they desire). All our Coaching Staff is tested monthly to maintain a World Soccer Schools accreditation and must be committed to constant improvement both on and off the pitch. Any key to success in football development is Repetition and time on the ball. These 2 ingredients are fundamentals within our program. We look forward to helping create some of our next generation Socceroos."
